

# GREENBANK PTFA NEWS

Friday 24th November 2023

## CASH FOR KIDS SCHOOL CHALLENGE:

On Sunday 10th December 10am -12pm there will be a 'Breakfast with Santa' event. More details to follow from the PTFA soon!

We would like to say a massive **Thank you** to our PTFA who helped us raise an amazing **£7115** which secured us **first place** in the recent Cash 4 Kids campaign! This means that Greenbank Primary will now receive a further £5,000 from the Campaign which will, along with the money raised, be used to make major improvements to our Key Stage 1 and 2 Playground.

The PTFA organised so many events and dedicated much of their time to help us to win this challenge. There were sponsored runs, amazing raffle prizes, school discos, a tap performance and more!

**Thank you** to all our school families who purchased tickets, took part in sponsored runs, attended the Black History Month Fundraising event and got behind all our fundraising efforts!

In the past when we have raised money through own clothes days etc, this money has been used to purchase sports equipment and games for the outdoors. This is the first time we have raised a significant amount to improve the outdoor area. The plan is to get improvements started this academic year. We already have one of our grandparents helping us with our playground designs. If we have any other parents/carers/grandparents out there with specific skills or businesses which could further help with our improvements we would love to hear from you!

We would also love to hear how you would like to see our new playground to look. Miss Rowlands would be delighted to receive any plans from our Greenbank pupils with how they would wish our playground to look! Please do take some time to let us know your ideas and send them in to school.

The PTFA have also had these Parking banners made for us courtesy of **Delta Taxis** to remind drivers around our school community to park responsibly and never to park on the school markings.

Many thanks to Delta Taxis for this generous donation. We hope they send out a clear safety message for our school!
